MAY DAY: INTERNATIONAL WORKERS' DAY

International Workers' Day was established to remember those who have died whilst fighting for a better society, as well as to celebrate the successful gains workers have made over the years. Marches, like this one in Hull, take place in countries all over the world, as trade unionists and other working class people come together to celebrate International Workers' Day.

WHO ARE YOUTH FIGHT FOR JOBS?

Youth Fight for Jobs was initiated against the backdrop of attacks on young people. As the government fails to invest in creating decent jobs, and providing the training for those jobs, it is no surprise that the unemployment rate amongst the youth is so high, particularly in Hull, which has the **WORST RATE OF YOUTH UNEMPLOYMENT IN THE COUNTRY.**

This is why Hull Youth Fight for Jobs demands:

- **FREE EDUCATION!** Access to education and training for all. Scrap tuition fees!
- **HIGHER MINIMUM WAGE!** An immediate increase to £8 per hour, without exemptions, as a step towards £10 per hour.
- **REAL JOBS!** A meaningful, well-paid and secure job for all. No Mickey-mouse 'training schemes'.
