

REFUND OUR FEES!

CANCEL STUDENT DEBT AND SCRAP TUITION FEES

- Refund our tuition fees, as the first step towards scrapping fees entirely.
- Say no to the lowering of the student debt repayment threshold! We need to build a movement to write off all outstanding debt.
- Fight against all cuts on campus to jobs and courses. End low pay, zero hours contracts and outsourcing on campus.
- For a united staff and student struggle for the government funding our universities need. Scrap fees, cancel the debt and introduce living grants for students, funded by taking the wealth off the 1%.
